Best Performed Agility Dog

At this show we have decided to award a new award to the "Best Performed Agility Dog", while these have always proven difficult to calculate a formula to determine this we have decided that we will try and award the best single performance. To do this each winner in the Agility & Jumping in the Novice, Excellent & Masters classes will have a score calculated by using his formula :-

(Standard Course Time - Qualifying time) / Standard Course Time * 100 will give us a percentage score.

The dog with the highest percentage score will be the winner.

The open class is not included in the calculations as dogs are not competing at their own level and only qualifying scores will be included.
